 - **1,654** dogs
 - **302** cats
 - **431** donkeys
- **2,104** animal owners reached with information on:
 - Rabies prevention
 - Post exposure protocols

For communities to receive the necessary extension services to avert potential disasters, other actors outside the livestock sector need to be involved in the collection and dissemination of relevant livestock information

“Alone we can do so little;
together we can do so much”

Helen Keller
